

20 November 1957

Mr. Carlton C. Massey
County Executive
Fairfax, Virginia

Dear Mr. Massey:

Thank you for your letter of 14 November 1957 confirming the final action of the Board of Supervisors relative to sewage disposal plans for our new headquarters building.

As you probably know, our Building Planning Staff has already been in contact with your Consultants, Massey Engineers. A conference has been scheduled for 21 November to discuss and formulate details of the design of the pumping station and associated sewer lines. As soon as these details are determined we will take appropriate action to make available to the County the necessary easements for the locations of the pumping station and force main.

Again may I thank you for your cooperation and assistance.

Sincerely,

/s/

L. K. White
Deputy Director
